Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Far from medieval superstition or fairy story, witchcraft is real, alive and growing. It is a religion of Nature-worship that exalts the feminine, encourages individuality and delights in celebration - and yes, it is also about magic, for magic itself is a natural force. If you are attracted to the magical and mystical, if you have ever been alone in the countryside yet felt you were not alone - or if you are simply curious about natural forces, this book is for you. Witchcraft has much to offer if you practise it sincerely. It is remarkably ancient, but its message is deeply meaningful today as we realise how far we have become estranged from our roots.
