

Report of Cases Determined in the Supreme Court of Appeals of the State of West Virginia Volume 81

By -

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. Original publisher: Washington, D. C. : U. S. Govt. Accountability Office, 2009 OCLC Number: (OCoLC)457043383 Subject: Information storage and retrieval systems -- United States. Excerpt: . . . SSA has implemented technology and procedures within its existing IT SSAs IT infrastructure to support its current data exchange environment, including Infrastructure processes to identify, track, and resolve systems-related problems. Those 14 data exchange partners we included in our study indicated that the Supports Its Current agencies IT infrastructure had effectively supported the exchanges in Data Exchange which they participate. The partners reported that they had experienced few systems-related problems and none that had a significant impact on Environment their ability to conduct business. An effective IT infrastructure provides performance capabilities, such as SSA Has Established system availability and reliable data, that are essential to enabling the Practices and Procedures 15 efficient and economical exchange of electronic data. The Software for Supporting Data Engineering Institute defines practices for providing effective IT services, Exchange Services including those that are key to an agencies ability to ensure that its 16 infrastructure supports business operations. These practices include, among other things,...
