Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from How to Make Patent Drawings: A Brief Treatise on Patent Drafting for the Use of Students, Draftsmen and Inventors A great many books have been written on drawing, both mechanical and architectural, but to my knowledge every few, if any, have ever given information in regard to the making of Patent drawings, excepting of course the U.S. Rules of Practice. In this progressive period, when there are so many inventions being discovered and so many patents being secured to protect the same, there is naturally a demand for good Patent Draftsmen. As every patent issued requires drawings, and the U.S. Patent Office will accept only drawings which are made by men skilled in the art, and made under certain rules, I think that a book disclosing information on this subject will be very useful, not only to the man wishing to fit himself to hold a position as draftsman, but also to the inventor who desires to make his own drawings, either to save himself the expense, or because he is so located as to...
