Energy Publications, United States, 2013. Paperback. Book Condition: New. 224 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.A toolbox may be one of the most practical items ever invented by man. It holds many different types of tools that are essential for different functions and yet, here they are, all in one container. But, a pliers cannot drive a nail into a board any more than a hammer can cut a board. Each tool must be used for the task for which it was designed and cared for so that it will last a long time. Greg May first learned about tools from his grandfather and father. He learned how to use each tool correctly and to do each job to the best of his ability. Jesus was a carpenter. He learned about tools from his earthly father. He also learned to use tools in making disciples from His Heavenly Father. Greg May has been listening to Jesus for many years talk to him about tools and disciples and now he shares those lessons with others.
