Home consists of space; space that is intended for shelter, a very primitive, fundamental and basic need for all human life, an envelope in which one wants to feel safe, protected and comfortable. It is a place of refuge. The home has evolved from fulfilling only the most primitive and basic need of its users, maturing into spaces that inspire and enrich the daily life of its inhabitants, where function and art merge. The houses in this book have all the elements of modern living, unique building structures and stylish interior designs.
