Reviews

A superior quality publication and the font employed was exciting to read through. It is among the most awesome book i have read. I am effortlessly could get a enjoyment of reading a created publication.

(Ettie Kutch)

THEORY OF LIFE (HARDBACK)

DOWNLOAD

Lulu.com, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A new perspective on life that has not been explored; it offers a way to cure terminal diseases and prolong life beyond the ordinary. The human body is similar to an electronic system with parts that only function when proper electronic principles are followed. Rejuvenating dead cells and restoring them to functionality can only be accomplished by channeling neural energy to ailing cells that need energizing and stimulation. Medical researchers are waiting for the cure to come from laboratories and the promise of stem cells, but the cure is in the brain itself. The brain can only be understood by a good background in physics and electronics. Working with the human body on a microscopic level has been ignored by medical researchers; because they lacked a thorough understanding of the human body's electrical functions.
