FOOTBALL DECODED: REVEALING THE HIDDEN VALUES INSIDE THE GAME

[DOWNLOAD](#)

Tate Publishing Enterprises, United States, 2013. Paperback. Book Condition: New. 175 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Football Decoded is the first comprehensive scientific examination of the game, from the high school to the professional level. In it, you will learn what different aspects of the game are worth, both as fractions of a win and points. Never before has this information been made available. The new knowledge presented in this book is truly fascinating for anyone with an interest in football. But Football Decoded is much, much more than a thought-provoking commentary. It is an immensely useful tool. Its knowledge is distilled into convenient, easy-to-use tables in the appendices. Tables for the high school, college, and professional levels tell the reader precisely how yards, turnovers, and penalties impact a team's chances of winning and contribute to the final score. Ultimately, the book leads the reader to a landmark revelation - if parts of the game can be valued as fractions of a win and points, then so can players. This book is a must have for anyone - everyone - with an interest in the game at any level, whether they are fans, players, coaches, statisticians, official scorers, owners, general managers, television network executives, sports radio and television commentators and talk show hosts, sportswriters, bloggers, or agents of professional football players. Football Decoded is a captivating, fast, and fun read. After reading it, you will never look at football in the same way again.
