Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Annotated edition. Language: English . Brand New Book ***** Print on Demand *****.If you aspire to becoming a full time forex trader, then this is the book for you. Even if your dream is perhaps more modest, and you simply want to have a second income trading the forex markets, then again, this book is for you. It has been written with one clear objective in mind. To explain how and why currencies move in the way that they do, using the combined power of relational, technical and fundamental analysis. Combine this with a three dimensional approach to trading itself, using multiple time frames and multiple chart analysis, and the world of foreign exchange will become crystal clear. Many aspiring traders, simply do not realize that the forex market sits at the heart of the financial world, which, when you think about it logically, is really common sense. After all, this is the biggest money market in the world, and if the financial markets are about one thing, they are about money. Making it, protecting it, or increasing the return. It s no surprise therefore, that the forex market connects all the others. It is the central axis of the financial world, around which all the others spin. In the book, you will discover how changes in market sentiment in the primary markets of commodities, stocks, bonds and equities, are then reflected in the currency markets. This is something which often surprises novice traders. After all, why look at a stock index, or the price of gold, or a bond market? The answer is very simple. It is in these markets where you will find all the clues and signals, which then reveal money flow. After all, the financial markets are all...
