Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Address Delivered Before the Medical Society of the State of California, at Its Annual Session, April, 1873 As the sciences of law and medicine advance, the more will the latter be called in aid of the former, in all cases involving medical questions. When Lord Hale influenced the verdict of a jury by the avowal of his belief in such creatures as witches, and sentenced two women to be hung, who were accordingly executed for the crime of witchcraft - when insanity was regarded as a demoniacal possession instead of a disease - the testimony of medical experts was less sought and less respected than it is now.
