THE PERSONALITY OF GOD IN THE LIGHT OF OUR MODERN WORLD all the great problems of religion, however they are rooted in the divine and eternal, are also affected by the special conditions of each passing age. They grow up out of its environment and experience and reflect its light, and thus present aspects that vary with the changing science and philosophy and social conditions of the time., The doctrine of the personality of God is peculiarly subject and sensitive to such changes and is continually readjusting itself to their demands. I. In the Light of Science. Science has wrought Copernican revolutions and continental and climatic changes in our modern world, shifting its center and lifting or depressing its continents and mountain ranges and thus producing changes of climate that have caused some forms of thought to grow into bloom and fruitage and...
