

Green Earth (Paperback)

By Kim Stanley Robinson

HarperCollins Publishers, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. GREEN EARTH takes the stories first told in FORTY SIGNS OF RAIN, FIFTY DEGREES BELOW and SIXTY DAYS AND COUNTING and combines them in a fully updated, compressed and compelling single volume. Catastrophe is in the air. Increasingly strange weather events are pummeling the Earth. When the Gulf Stream shuts down and the Antarctic ice sheet starts melting, climate extremes multiply, and some winters hit like an ice age. New U.S. President Phil Chase is on a mission: he's determined to solve climate change. His science advisor, Frank Vanderwal, is a bit more messed up. When massive floods hit Washington, Frank finds himself living in a treehouse and in love with a woman who's definitely not what she seems, one who will draw him into the shadowy world of Homeland Security, and other, blacker agencies. Only science can save the day. Frank knows he has to find a way to save the world so that science can proceed.

Reviews

I just began looking at this pdf. We have read through and that i am confident that i will gonna study once more once more down the road. Your lifestyle span will likely be change the instant you complete looking at this ebook.

-- **Eli Rau**

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
