## 1:59: The Sub-Two-Hour Marathon Is Within Reach here's How It Will Go Down, and What It Can Teach All Runners about Training and Racing (Hardback)

By Dr Philip Maffetone

Skyhorse Publishing, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. What will it take to run a marathon in less than two hours? The world's fastest times for the marathon have been dropping since the distance of 26.2 miles was made official nearly one hundred years ago. But after a noticeable decline that occurred for a half century, the times, while still edging lower, have stalled several minutes north of two hours for the past decade. For the first time, 1:59 examines what it will take for an elite distance runner to go sub-two hours. It will require more than raw talent, optimal body size, and great athletic genes. In order to become marathon's Roger Bannister and smash this elusive record, this runner must follow a healthy diet and an individualized training regimen that takes advantage of specific environmental factors (live high, train low). Because precious seconds count over each mile run, other critical considerations include improved running form and economy, sharpened mental focus, and wearing the right type of racing flats (or even going barefoot). The athlete who finally breaks distance running's most tantalizing barrier...

### Reviews

*Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Morris Cruickshank**

*This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).*
