Pan MacMillan, United Kingdom, 2012. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. From wasp s nests to webs, mole holes, termite mounds, and much more, this book examines the many habitats and strategies animals use when making their homes. Familiar animals like foxes and swallows are joined by more exotic species like chimpanzees, polar bears, and penguins. Challenging vocabulary is highlighted throughout--burrow, den, migration--and the art and text weave together seamlessly to help readers put the words in context and develop increased confidence in their reading skills. LEVEL 2: BEGINNING TO READ ALONE Simple and engaging, with plenty of interest and repetition. Vocabulary is easy and familiar, and sentences are mainly short and simple. Guided Reading Level: J.
