BPMN TO REO MODELING TRANSFORMATION

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The present-day software systems are increasing tremendously in size. This makes verification and validation of these systems an increasingly difficult task. Not only size of systems increases, an increasing number of features and formalism need to be developed and supported to model and analyze real-life applications. Each system is represented in the form of model. There are many modeling notations available such as BPMN (Business Process Modeling Notation), UML, BPEL (Business Process Execution...
