Aether-Light: The Fact of Everything (Paperback)

By Randy Holmes

Xlibris, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Only one man knows in the entire world. 1. Where did we come from? 2. What is gravity? 3. What is matter? 4. What is dark matter? 5. What is dark energy? 6. What is aether? 7. What is light? After reading his book and finding out the true secrets of the universe, many are forced to wonder if this is, indeed, the greatest discovery of our time. It is a fact that sound waves (mechanical waves) require a material or medium for its propagation such as gas, solids, and liquids. The theory is that all waves need a medium to propagate through empty space, as does electromagnetic waves. As far back as 1678, scientists like Isaac Newton, James Clerk Maxwell, Nikola Tesla, and the scientific community all believed that light needed a medium to propagate through empty space. Since Einstein's special relativity theory in 1905, the modern scientific community recognizes the vacuum for the propagation of light through empty space, and not aether. Randy Lee Holmes has discovered visual proof and illustrations by more than two hundred photos and forty-six videos of the...
