

Valuation + DCF Model Download: Measuring and Managing the Value of Companies (Hardback)

By Tim Koller, Marc Goedhart, David Wessels

John Wiley Sons Inc, United States, 2015. Hardback. Book Condition: New. 6th Revised edition. 250 x 150 mm. Language: English . Brand New Book. McKinsey Company s #1 best-selling guide to corporate valuation, now in its sixth edition Valuation is the single best guide of its kind, helping financial professionals worldwide excel at measuring, managing, and maximizing shareholder and company value. This new sixth edition provides insights on the strategic advantages of value-based management, complete detailed instruction, and nuances managers should know about valuation and valuation techniques as applied to different industries, emerging markets, and other special situations. The accompanying DCF model download allows you to complete computations automatically for error-free analysis and valuation of real companies. The model ensures that all important measures, such as return on investment capital and free cash flow are calculated correctly, so you can focus on the company s performance rather than computational errors. Valuation lies at the crossroads of corporate strategy and finance. In today s economy, it has become an essential role and one that requires excellence at all points. This guide shows you everything you need to know, and gives you the understanding you need to be effective. * Estimate the...
