Simply go with the flow and write a book about it. Leaving England and moving to America, novelist Travis Casey and his British wife move in with his parents to help them with life in general during their advancing years. Having developed a greater understanding of his former country, Casey continues his observations of what has changed over the past two decades and tells of the drama of living with aging parents in his own humorous way. And when bureaucrats are put between an act of nobility and common sense, things are bound to become complicated.
