For many of us, our hidden potential blooms only later on in life. She longs to be taken home in a pot but since she looks droopy and sick, no one is interested in her. Throughout the spring she watches kids take interest in every other flower but her. The end of Spring is almost here and yet no one has picked Mae. As she starts to lose hope, a little boy named Leo comes looking for something different. Leo finally spots Mae and she's exactly the kind of flower he's been looking for.

### Reviews

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*
