Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Expanded. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Can we prove that the Bible makes false claims? Do its moral teachings justify it being called The Good Book? Has the text been modified throughout the centuries? What about all those prophecies? Written by a linguist, ex-fundamentalist graduate of Liberty University, this book goes straight to the evidence and presents a concise case-by-case analysis of the most salient problems in the Christian Scriptures. With insightful commentary concerning frequent rebuttals used by apologists, it makes a solid case against evangelical claims to inerrancy. This 2nd edition has a much improved third chapter, providing several more examples of scribal changes to the New Testament, as well as a completely new section on textual differences in Greek manuscripts. The format of the paperback version has been adjusted in order to keep sale cost as low as possible.
