Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Some 600 years after the Nea thi people left their underground Enclaves and changed the course of Human history altogether, eighteen year old Jaseth, Lord s Heir of the small rural district of Jaelshead, has his entire life planned out for him. That is until the arrival of Charlie, a Nea thi Mentor, bearing the incredible news that Jaseth is Nea thi-Blood - one of the small fraction of the Human population that has the remarkable ability to use Nea thi Magic - and must be taken to the nearest Capitol, Lille, to study at the Academy. For the eight Bloodkin and their Mentors, life in the big city is a whirl of parties and romance and the study of magic. But all is not well in Lille. There are rumours of assassins and missing half-breeds, and events set in motion before Jaseth had even been born are about to come crashing to a head as he is thrown into a struggle to save not only the beautiful young Queen, but the very fabric of society. Jaseth of Jaelshead Book 1: Bloodkin is the first in a four part fantasy series aimed at the mature young adult market (age 15+). It is fantasy for the post-Potter generation, set in a fully-realised world and intended to appeal to fans of modern fantasy and coming-of-age dramas and comedies like Skins, Game of Thrones, The Inbetweeners, the Hunger Games and American Pie.
