Baker Publishing Group, United States, 2012. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Christianity has an image problem. Christians are supposed to represent Christ to the world. But according to the latest report card, something has gone terribly wrong. Using descriptions like hypocritical, insensitive, and judgmental, young Americans share an impression of Christians that is nothing short of . . . unChristian. Groundbreaking research into the perceptions of people aged 16-29 reveals that Christians have taken several giant steps backward in one of their most important assignments. The surprising details of the study, commissioned by the Fermi Project and conducted by The Barna Group, are presented with uncompromising honesty in unChristian. Find out why these negative perceptions exist, learn how to reverse them in a Christlike manner, and discover practical examples of how Christians can positively contribute to culture. Now available in trade paper.
