Excerpt: . . . 11 dent achievement national content standards are needed. I have strongly supported national voluntary guidelines to help ensure that our mobile population receives a quality education, even if they change schools several times during their K - 12 education. I emphasize the word, voluntary, because as you all know there is a strong feeling in the United States against mandatory federal standards for elementary and secondary education. But I have introduced H. R. 325, the SPEAK Act, which would provide incentives for states to adopt voluntary standards in math and science. Co-sponsor on that is Senator Dodd. I know that this idea is controversial and look forward to learning from our wit-nesses about their views on this issue. I trust this hearing will help Congress learn about the best ways we can advance the recommendations presented in the Boards re-port,...
