Storybook Style: Americas Whimsical Homes of the 1920s (Hardback)

By Arrol Gellner

Schiffer Publishing Ltd, United States, 2017. Hardback. Condition: New. 2nd Revised ed.. Language: English . Brand New Book. Storybook style, fairy tale, Disneyesque, Hansel and Gretelthese are all synonyms for what is surely the most delightful residential style of the twentieth century. With their romantic evocation of faraway lands and eras, storybook homes were created by architects and builders with a flair for theater, a love of fine craftsmanship, and above all a sense of humorattributes that make them especially endearing to the jaded modern eye. The storybook style was born on the backlots of Hollywood in the 1920s, where brilliant set designers first learned to evoke the exotic architecture of medieval Europe and the Middle East. Movie-going Americans became fascinated with these settings, and architects and builders were quick to capitalize on this enthusiasm. The whimsical style soon spread from coast to coast, and the unforgettable results are portrayed here.

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).
