Balboa Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Princess Esmeralda is a magical story of a young girl, with the help of an enchanted seahorse, who finds out who she truly is and discovers her world is full of colour and love. It is a story for adults and parents to share with their children in a space of love and caring, so they may feel Esmeralda s story as their own. It is to let all children know how important it is to believe in who they are, to accept themselves and others, and also to understand that if they take care of their world, then they in turn will have everything they need to nourish and care for them. It is a reminder for all of us to see the world again in awe, through a child s eyes, to see the colour, the magic and the joy. As guardians of this planet we are here to nurture all things with love, especially our children, to ensure our thoughts and actions cannot harm another living thing. Stories through all time have held an energy in the words that are passed down through generations. I want my stories to help both adults and children feel good about who they are and form loving caring beliefs about themselves and one another.
