Most books written on Microsoft products simply parrot the information found in the Help files or the Microsoft Knowledge Base. Not this book. It has been written by the Office Dream Team, Ed Bott and Woody Leonhard, the most well recognized and respected authoring team in the business. Even the Office development team at Microsoft listens when these guys speak! Not only do Ed and Woody show you the best way to solve problems, they point out what works and what doesn't with a no holds barred approach. Unlike most CDs pasted into the back of computer books, this book offers one that rivals the book in terms of value. 1324 pp. Englisch.
