Strategy is all-embracing. Strategy has to capture internal and external aspects, that means to comprise competencies and market opportunities. Strategy has to keep in view the own company, the customers and the competitors. The challenge is to create customer values and competitive advantages to assure benefits and growth. As a result, the starting point of every strategic decision demonstrates the recognition and the analysis of the company's current situation containing a high variety of parameters. These parameters are generally defined by the company's influence into internal and external parameters. However, the understanding of the...
