This is a revealing aspect of secret societies like the Illuminati, Freemasonry, and the Bilderbergs and how they re woven into our modern day life. Also how they push their global plan through politics, business, war, terrorism, famine and foreign policies and what connects us as human beings to the System. Can you imagine being part of a global plan that includes every human being on Earth? Also can you believe that these secret societies have infiltrated every aspect of our society and is on the verge of a global take over? One of the most revealing aspects one must consider is that as you began to read this book the plan for global domination is following its course as it always has with or without you knowing. There are organizations, companies and people that are connected to these secret societies and you see them every day without even knowing what and who they are. The main goal of these secret societis is to establish a one world government to not just control you physically but to control your soul. There is also ways to escape the control of the System and to truly live free.
