Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This is the NEW 2018 LIBRARY version of Alpha-Phonics. This version is identical to the regular Alpha-Phonics in every way except the ISBN: 9781979228473. This ISBN enables the Alpha-Phonics to be offered to Libraries. This is the ORIGINAL Alpha-Phonics! Alpha-Phonics is a systematic phonics instruction program used by 100s of thousands since it was introduced in the late 1970 s. Alpha-Phonics is probably the simplest, most effective and reasonably priced phonics instruction programs available. HERE IS WHY IT WORKS SO WELL: IT IS SIMPLE!! There are only 44 phonograms (Sounds) the child needs to learn in order to read. Reading, contrary to what you have been told, is easy to teach because all you have to do is teach the student to SOUND OUT the words they want to read. At first they sound the words out aloud, later they do it in their head silently. That is ALL there is to teaching reading. MOM get this: All 128 Lessons in Alpha-Phonics are covered in ONLY 14 pages of instructions for you. Students begin with short vowels putting together simple words (Like a with m = am or a with s = as) and progress to the more advanced words. With Alpha-Phonics the beginner can be reading simple sentences by lesson three, and that can even be on the first day! Other reading instruction programs try to do way too much. They inject grammar, pictures and other material, needlessly complicating the task. Alpha-Phonics just teaches reading only. Alpha-Phonics has as a BONUS: you teach SPELLING easily as you go (through simple dictation). Alpha-Phonics easily introduces over 3,500 words in its simple 128 lessons. Some students can learn to read...
