It is one of my personal favorite books. It is one of the most incredible books I have ever read. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

It emphasizes the importance of critically deconstructing and engaging with the broader context of occupation, particularly around how occupational injustices are shaped through political, economic and historical factors. Section Two explores occupation and justice emphasizing that issues of occupational injustice are present everywhere, in different forms: from clinical settings to community-based rehabilitation. Section Three covers the enactment of different Occupational Therapies with a focus on the multiplicity of occupational therapy from the intimately personal to the broadly political. Section Four engages with the broader context of occupational therapy from the political to the financial. The chapters in this section highlight the recent financial crisis and the impact it has had on people s everyday life. Section Five collects a range of different approaches to working to enable a notion of occupational justice. Featuring chapters from across the globe, Section Six concludes by highlighting the importance and diversity of educational practices.
