Reviews

This ebook is great. I am quite late in start reading this one, but better then never. I am just easily will get a satisfaction of reading through a composed pdf.

(Brendan Doyle)

UNSPIRITUALITY: PERMISSION TO BE HUMAN

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 202 x 134 mm. Language: English . Brand New Book ***** Print on Demand *****.Unspirituality presents the human being untethered from spirituality. It is a bold treatise that redefines spirituality without religion, exposing the New Age story. Author, Christopher Loren points to childhood suppression and indoctrination as the source of religious and spiritual delusion. He asserts that spiritual ideologies become the arena for the retrieval of a shamed imagination. Unspirituality introduces a new philosophy based on a natural perspective clearing away centuries of delusion. The spiritual story was once an answer to the anxieties of the natural world, the gift of change , a waking up to the imagination, but now has become a ideological cage; an insidious trance that has perpetuated needless suffering for our species up to the modern day through religion and dualism. This book is a reminder of who we are in the natural world, a bold and provocative case against spiritual ideology, and an invitationl to be proud to be human. Many of New Age ideas are challenged such as: Reincarnation, The afterlife, Creating your reality, Choosing this life, Spiritual beings, Spirits, Religious belief, Metaphysics, Metaphysical philosophy, Dualism, Spiritual realms, the ghost in the machine, Descartes, secret wisdom, learning to love yourself, Life-Changing Magic, the power of now, the secret, the law of attraction. These beliefs are replaced with subjects such as: Naturalism, evolution, critical thinking, humanism, psychology, science, childhood trauma awareness, the effects of child rearing, poisonous pedagogy, natural spirituality, spiritual atheism. Referencing such authors as: Christopher Hitchens, Sam Harris, Victor Stenger, Alice Miller, Ramesh Balsekar, Joseph Campbell. The content in this book is addressing the ideology of religious and spiritual belief. The challenge set forth is to redefine metaphysical realities in light...
