WELLINGTON: POCKET GIANTS (PAPERBACK)

The History Press Ltd, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. Wellington is a giant because he was one of the greatest military commanders in British history, an important figure in the emergence of Britain as a great imperial power, a man who dominated British society and politics for 35 years. He was the only one of Napoleon s contemporaries who can be mentioned in the same breath as a general - a master of logistics, politics and coalition warfare as well as strategy, operations and tactics. The book s focus is on Wellington s military career, and it looks at all of these aspects, placing them in the context of the military and political developments of the time. It explores Wellington s personality - a key to understanding his success - and briefly examines his post-Waterloo career as a politician. It concludes that Wellington was not only a military genius, but an icon whose fame endures to our own time.
