(PAPERBACK) book.

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Without any fear of being misconstrued, I can say that Attention Deficit Disorder (ADD) is one of the commonest and most misdiagnosed brain disorders in recent times. Yes, though it is a medical condition that requires great understanding from family members of sufferers. But the truth is that, many of these sufferers are undergoing a lot of stress due to the fact that their family members, including the people closest to them, do not understand! As a matter of fact, in most cases they have little or no information about the neurological barrier resulting from this medical condition. Hence, the need to take time to get and study all the information one can get about ADD is so crucial to say the least. And particularly so, as we are even looking at the impact of the condition on children who are of school age that in most cases cannot understand what is going on with them! Besides that, it s so necessary to gather and study all these information about ADD because of the simple reason that having the right knowledge will make it easy for you and me to identify persons with the condition and be able to treat them with respect instead of just lashing out at them. So, in the light of this, this book seeks to introduce you to valuable information about ADD like the signs and symptoms of this brain disorder, the method of diagnosis and various means of treating this condition, including helping you to understand the disposition of people, particularly children, affected by ADD. Okay! You need to also understand that ADD is sometimes referred to as Attention Deficit Hyperactivity Disorder...
