TREES OF LIFE - OUR FORESTS IN PERIL

FriesenPress. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. The book challenges the current management of our remaining forestlands and proposes a different approach to our relationship with nature and the implications for the science of forestry. It identifies the problem as a people problem resulting from the strong influence of cultural values on scientific principles. The European (Western) culture and the Native American culture are compared to identify opportunities for future changes that can lead...
