## BRIEF HISTORY OF THE UNITED STATES (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Brief History of the United States If special merits be found in this volume, they are derived directly from the author's experience in secondary school work, and from his knowledge of the problems of both teacher and pupil. The author never for one moment lost sight of his readers. In providing for their special needs he has written and rewritten each part with the earnest purpose of making the subject clear to the average pupil and of enlisting the child's genuine interest in the history of the United States. Mr. Andrews' enthusiasm for the subject of history and his originality and clearness in presenting it secured for him the hearty cooperation not only of a number of secondary school teachers, but also of many noted historians and of English scholars, who offered the benefit of their suggestions and the encouragement of their approval. The attention which the author has given to expression and style; his appreciation of the element of human interest; his courage in throwing out of the main body of the narrative stock but non-essential matter; his recognition of the prime value of the story element and of the importance of introducing, not obtrusively or abstrusely, but attractively, clear-cut ideas of manners and customs - all these have contributed in producing a volume agreeable to read and easy to teach.
