NOTES ON AGRICULTURE IN CYPRUS AND ITS PRODUCTS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Notes on Agriculture in Cyprus and Its Products The intention of these notes is to make available to those interested in the agriculture of Cyprus some of the information scattered in various reports, leaflets and correspondence not readily accessible to the general public. It has long been a matter of regret to the writer that the valuable stores of information collected with so much care and ability by the late Mr. Panayiotis Gennadius, formerly Director of Agriculture in Cyprus, through having been published in Greek only, have remained beyond the reach of many who might otherwise have derived benefit from a study of his works. His writings on the general agriculture of the Near East are voluminous and comprehensive, and show an intimate knowledge of the subject as well as of the practices and customs of agriculturists in these regions. The results of his labours are mainly embodied in his *Helleniki Georgia* and his *Phytologikon Lexicon*, both of which are works of recognised authority. During his eight years (1896-1903) spent in Cyprus Mr. Gennadius devoted himself specially to a study of the agricultural conditions and needs of the Island, and the notes and reports made by him have been, to a large extent, taken as the basis of the present Notes. During the sixteen years since he left the Island many changes have taken place, and the more receptive and enlightened attitude of the rising generation of farmers has helped to bring about various improvements, and a greater readiness has been shown to adopt modern methods.
