Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Historical Development of Child-Labor Legislation in the United States: A Dissertation Submitted to the Catholic University of America in Partial Fulfilment of the Requirements for the Degree of Doctor of Philosophy The object of this study is to furnish a brief account for general reference purposes of the development of measures for the protection of children against the effects of premature and excessive employment. The most important items covered can be included under two main heads: Direct regulation and indirect regulation. Direct regulation is effected through legislation in specified employments relative to: Minimum age; minimum educational requirements for work permits; minimum physical requirements for work permits; maximum hours of labor; night work; issuance of work permits; health provisions, and inspection. Indirect regulation is effected through legislation relative to: Compulsory school attendance - provisions for both the school age and the length of term, and continuation and evening schools - school age and length of term being the two points to be considered here, likewise. The effect of indirect legislation is no less definite than...

Reviews

This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.

-- **Dr. Gabriella Hayes**

A brand new electronic book with a new standpoint. It is writter in basic phrases rather than confusing. Its been designed in an extremely basic way which is merely right after i finished reading through this publication where basically altered me, change the way i believe.
