## TYPICAL DAY (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Every morning from 6 until 7 am, Joyce Williams plays a video game called LifeMaster. This game is embodied in a small, square, ruby colored crystalline cube. Using the game, Joyce plays through all the events of his coming day. At the end of the playing hour, his day gets locked in. Joyce then goes out and lives exactly what happens to him in the game he s just played. He s an average player. He lives a normal, average life. No big highs, no big lows. Strictly straight down the middle. Good enough for Joyce. Then one day lightning hits a gas main, destroying Joyce s apartment and his LifeMaster cube. No problem. LifeMaster customer service issues him a new cube. When he tries to play it, his LifeMaster console labels it VOID and spits it out. The rigid and unsympathetic LifeMaster bureaucracy refuses to replace his cube a second time. Joyce is forced to live his life in the dreaded and risky default mode. He doesn t play the game himself. Instead, the LifeMaster system uses complex mathematical probability theories to generate his daily activities. Since he s not personally playing his game, he doesn t know beforehand what the day will bring, what s going to happen to him. It s a terrifying prospect for somebody who s never lived that way. Joyce pessimistically expects his life will stay the way it was or get slightly worse. To his delight and amazement, it goes the other way. His life gets better. Way, way better. He gets promoted big time at work. He starts hanging out with pro basketball sports hero Scooter Kale who nicknames him Jay. When they play...
