

Big Babies: or: Why Can't We Just Grow Up?

Filesize: 6.58 MB

Reviews

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).

Granta Books. Paperback. Book Condition: new. BRAND NEW, Big Babies: or: Why Can't We Just Grow Up?, Michael Bywater, Have you ever had the feeling that, in some hard to define way, we are throwing away two and a half millennia of Western civilization, bit by bit, as our culture becomes more and more infantile? That day by day we grow more and more focused on the quick fix, the ticking-off, the expedient lie, the jingle, the spin, the catchy slogan, the obsession with safety, the horror of risk, the terror of complexity, the preoccupation with surface, the apportioning of blame, the instant gratification? Have you ever wondered what happened to grown-ups? Michael Bywater turns his penetrating eye on the state of Western culture, from politics and the media to show business and science, and concludes we are all Big Babies now. With enormous brio, he argues that the Baby-Boom generation is now running the show, and its own commitment to perpetual infantility is reflected in its unstoppable drive to infantilize the rest of us. Ranging from the White House to Buckingham Palace, from MTV to the BBC, from mission statements to Viagra spam, Bywater examines advertising, music, politics, the health industry, education, religion, fashion, sport and publishing, and makes a fierce and often hilarious case that, in almost every area of our lives, we are inexorably becoming .Big Babies.
