CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 224 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Bryan Conley showcases bitter-sweet prose in his first literary work *Writing a Book, Hippy*. The story tells a true and adventurous journey of a young man's trek to Alaska's Inside Passage. Vonnegut writes, I hope you are happy having written your book, it is a good book. The completed inspiration derives itself some 20 years later after recent, less fortunate adventures occur, for which Conley provides his audience a sense of time travel by using dream states referred to as series of million year naps. While the story builds, fragile social angles attach themselves with unequalled imagination for the reader. The apparent suggestions and looks provide a personal understanding of a larger picture. His contemporary insight into tragedy, kindness, and the undeniable over analysis featured front to back deliver this unique take on contemplating the human condition in a traditional beat poet style. This item ships from La Vergne, TN. Paperback.
