Images Publishing Group Pty Ltd, Australia, 2016. Hardback. Condition: New. Language: English . Brand New Book. How do data journalism designers overcome information overload in today's fast-paced environment, and find simple and compelling methods to filter and convey news content? One of the most effective ways is to use dynamic infographics and data visualizations. The use of powerful graphics and illustrations will capture the viewer's attention and interest, and by burying boring data creatively, strong graphics will provide a clever and compelling visual story that's driven by accessible and clear communication. This volume helps show how and where to find opportunities to use creative graphics and illustrations, including hand-painted illustrations and is a must-have for professional designers and design students, or those readers who are interested in compelling visual storytelling through design.
