This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Barron s Educational Series Inc.,U.S., United States, 2017. Board book. Condition: New. Abridged edition. Language: English . Brand New Book. Scaled down to approximately half the size of books in the Look at Me series, this book presents the same illustrations found in the original, with a slightly abridged story, perfectly sized for little hands. These books offer child-friendly portrayals of baby animals and their mothers, and use simple language to show how the mommy animals keep their babies out of trouble. In Little Elephant, Mommy elephant helps her baby explore the jungle and teaches him all about how to find food, stay safe, and more. Toddlers will love the pictures and the story, and will be delighted when their own Mommy or Daddy reads it to them.
