Outskirts Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Raising a child with ADHD is simply life times ten. I am ten times blessed. I am ten times loved. I am ten times alive. This is the true story of a mother raising a child with Attention Deficit Hyperactivity Disorder. It's the story of the challenges, the blessings, and the rewards of parenting these special children, and her book includes helpful suggestions for diagnosis, medication, schooling, and tips for successful day-to-day management. Life with a child who has ADHD can be exhausting. Parents are inundated with information, overwhelmed by decision-making, and often numb and fatigued from meeting everyday challenges. But there is hope and beauty in every day. There is progress and victory in every hour. And there is an abundance of laughter and love in every moment. As I journeyed through the years of my son's upbringing I often said, Life is an adventure! And I am going to give it everything I have. What I have is what God gives to me, and God richly blessed me with a child who has ADHD.
