Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Study of the Sects This manual has been prepared at the request of the Unitarian Sunday-School Society for the use of the older classes in the schools to which that valuable body ministers. It may also be found useful to adult readers. Its aim is to present on the one hand a just and sympathetic account of the history and beliefs of the various bodies considered, and on the other hand to show plainly wherein Unitarians differ from them; to counteract the bigotry and conceit from which Unitarians have by no means freed themselves, and at the same time to show how weak and inconsistent is the position of those Unitarians who are anxious to have it understood that there is not, after all, much difference between them and their Evangelical brethren. The fundamental idea of this book is that the difference between the two parties is as great as that between the Evangelicals and the Catholics, or would be if our Orthodox friends would stand still long enough to be photographed distinctly. The study of this subject and the consultations I have had with various representative men have surprised me by revealing the state of confusion and change in which all beliefs except those of the Roman Catholics now exist.
