Down Out Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the Bakken oil field of North Dakota, they call the new guys worms. Ferret is a worm from Alabama, trying to kickstart a new life for his family, while back home his in-laws whisper break-up songs in his wife Dee Dee's ear. His boss, a shadowy old guy called Pancrazio, drags in Ferret, Gene Handy, and two roustabouts from Oklahoma to deal with a new meth empire on the prairie. Meanwhile, a reservation cop keeps a close eye on the big picture. All Ferret wants is some easy money and the love of his family. But he quickly finds out that there's danger around every corner, in every drill, truck and train car. And if the machines or chemicals don't get him, then the other roughnecks will. Because beneath the dirt and grease, nobody is what they seem. Praise for WORM: Years from now, Smith will be viewed as one of the best writers of our generation—he's just not capable of writing anything but a fantastic novel. -Les Edgerton, author of *The Bitch*, *The Rapist* and *The Genuine, Plastic, Imitation Kidnapping Worm* is a tremendous achievement in the portrayal of duplicity and greed in the oil boom. Smith hasn't lost his fastball and he's aiming it right at the reader's head again, the way it should always be. -Benoit Lelievre, *Dead End Follies* Smith pushes the characters hard and their flaws are ruthlessly exposed. It brings forward unlikely heroes who emerge from the mire when it becomes deep enough. -Nigel Bird, author of *Southsiders* Smith's prose is memorable and cutting; the term you serve in this book with these men is one of pure pleasure....
