By Frederick William Streatfeild

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Practical Work in Organic Chemistry The object of this little book is to meet a want which the author has experienced in teaching the rudiments of Practical Organic Chemistry to students who can devote but little time to the subject. The subject matter of the following Programmes of Work has been chosen partly on account of its technical utility, and partly as affording practice in the application of the more important reagents employed in the investigation of the compounds of carbon. The writer wishes it to be expressly understood that the book is only intended to be a laboratory guide, and its use should be supplemented by reference to standard works, or still better by personal instruction from the teacher.
