Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Birds of Africa, Vol. 5: Comprising All the Species Which Occur in the Ethiopian Region; Part II The present instalment completes the fifth volume of the late Captain Shelley s great undertaking. Soon after the appearance of the first part of the present volume in 1906, the author was struck down by a sudden illness - a stroke of paralysis - and although he lived on till November 29, 1910, he was unable to continue his labours. The completion of his work, however, was constantly in his thoughts, and shortly before his death I was asked by Mrs. Shelley if I would undertake this task. It was not, however, until afterwards, in the middle of last year, that the arrangements could be made for doing so. Mrs. Shelley then handed over to me all the mss. And the proofs of four sheets which were already in type. The plan and arrangement of the present part is mainly that of the late Captain Shelley, and my task has been to supply descriptions of some of the species, many of which were very incomplete, to revise the whole in the light of the additional facts and discoveries of the last six years, and to pass the work through the press. I am indebted to my, father, Mr. P. L. Sclater, for having read through the proofs for me, and to Mr. Ogilvie Grant for much help and many facilities afforded to me in the Bird Room at the British Museum.
