While witnessing the game of chance called Juvenile Probation in Dysfunctional Poker, readers meet Cristina Martinez, a probation officer whose dedication and devotion to her charges has earned her the moniker Mamasita, or little mother. She introduces us to double-trouble sisters Reyna and MiLinda Rangel, who continually fight over comments, real or imagined, and Denny, whose fat ass father and good-for-one-thing mother get her residentially placed. And we come across the unlikely friends Bert, the athlete, and Rogelio, the car thief, who take different roads to the same university, along with kids like Wilo, Pulga, and K. O who hold a place in Mamasitas heart. Unpopular with her coworkers, its Cristinas unconventional methods that endear her to the kids, and as she shares a series of memories, we learn that another girl she cant forget helps guide her actions. In one particular flashback, Ive been in pain for so long, I feel nothing, like Im dead inside, says that girl. When I cut, it doesnt hurt unless its really deep, and then it doesnt hurt that much, just enough to let me know I can still feel something. I see the blood and know Im still alive. Its like putting the pain thats on the inside, on the outside. Then as it heals over time, it heals me on the outside and then inside. Does that make sense Dysfunctional Poker is not only the story of the kids in Mamasitas life; it also serves to educate anyone who interacts with teens as to how they think, how they interpret our actions toward them, and most importantly, how they need to be treated differently to adult offenders, or their non-delinquent counterparts....
