By MD Neelam Taneja-Uppal

iUniverse, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I went to several doctors for five years with skin lesions. Nobody beleived me. They called me Delusional . Dr. Uppal figured it out, treated me and I am better now after so many years. Dr. Uppal saved my life. - Andronikki Rios The book is based on my practice of Infectious diseases and discovery of a new parasitic disease referred to as Morgellon s Disease. My experience made me realize the dilemmas of the recognition of the disease in the medical community and social implication. It made me understand how it may be spreading in United States and how it may be prevented as a Public Health issue. Hence to bring this awareness to the public and healthcare providers I was compelled to write this book. A 40 years old woman comes to my office with sores all over body. Complains of crawling sensations and itching. States she sees threads coming out of her body. She grabs the hand sanitizer and rubs on her belly and tries to bring out stuff. She has been diagnosed with delusional parasitosis . But in...

Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Prof. Salvador Lynch

Unquestionably, this is the best work by any author. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this pdf to find out.
