# Journal of Machine to Machine Communications (Paperback)

Filesize: 1.23 MB

Reviews

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.

(Arielle Ledner)

JOURNAL OF MACHINE TO MACHINE COMMUNICATIONS (PAPERBACK)

River Publishers, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Currently significant research publications in machine to machine communications, Internet of things, distributed and ubiquitous computing are spread across many disciplines and journals with each one focusing on a narrow aspect of the field of Machine to Machine Intelligence. Consequently finding a single point of focus which makes it easy for researchers and in particular early career researchers to latch onto new publications in this field in one place has been difficult. The objective of TMMI is to provide such a focus for state of the art research findings and development is machine to machine systems. The Journal will receive contributions which deal with all aspects of machine to machine (M2M) communications, Internet of things (IoT), distributed and ubiquitous computing, communications and sensing. Towards that end the team of international editors and advisory board is formed to include individuals with extensive expertise in at least one aspect of the Journal spread. At inception we will periodically publish the Journal quarterly. The Journal is published by the Association of International Scientists (AIS).
