Is it flakes of oatmeal A moldy orange Give up Just turn the page and, lo and behold, its a spotted toadstool! See what looks like gummy candy revealed as a millipede, a woolly scarf as frost on leaves, and many more surprises when you look closely through the forest. The Looking Closely series takes children on a journey of discovery through four environments -- the forest, the shore, the desert and the garden. Frank Serafini's camera lens enlarges each world through the magic of close-up photography. Young eyes will rediscover our planet as a place of beauty, mystery and delight. The next page reveals the entire photograph of the plant, animal or natural object accompanied by a simple but detailed description of the habitat. By inspiring children to ask questions and use their imaginations, these books help build problem-solving skills. They also encourage curiosity about environments that, examined this closely, are full of unexpected wonders. This item ships from multiple locations.
